hours? One of my kitties came in yesterday morning and acted hurt. She won't eat or drink. Worried about her as she is still the same this morning. I am on the train

Good Morning Anna. So sorry to hear about your kitty. What time were you thinking you could get to a vet. I would be happy to take her during the day. I have the lease ready. Will drop it to you.

Oh! Wow!! Thatd be grand. I am going to take off tmrw am if she is still in the same shape and take her somewhere. Can you recommend one, a vet that opens around 7 am? That way I could catch my train by 8. If you would be willing to help by picking her up before they close, I could gather her up from you once I get off the train at 6:30

I'll make a call this morning to see if the vet can see you. The vet I'm thinking of lives on the premises so

I'll make a call this morning to see if the vet can see you. The vet I'm thinking of lives on the premises so I'm sure it would not be a problem either tonight or tomorrow. Which do you prefer.

Either. Well. No tonight. I am so worried about her! Thank you immensely!!!

What time tonight can you get there. It's very near the house.

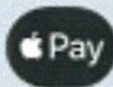

6:45. I get off the train at 6:20, so then gather her up and head that way

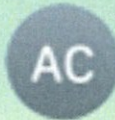

Wed, Aug 8, 9:13 AM

My vet closes at 1 today. The other vets I called close at 6. The best I could do is a traveling vet or the emergency vet in Norwalk that is open 24 hours.

Yikes. That would be expensive. Maybe I will leave early. May I have the name, number and address pls? Ill leave by 3 pm

I'll give you Winslow Park animal hospital. 203 266 5555

Were you able to get an appointment?

Not there. The Norwalk vet is open til 8pm but I am leaving early to get her there by 6pm. Thank you so much!

Good. Happy you were able to get an appointment. Hope it's nothing serious. You are aware that we have coyotes in the area.

Yes. But its as if shes eaten something. She won't move. Meows when I pick her up. Shes aware, not lethargic, but is in pain. No blood, etc

Anna. I'm dropping off the contract. I will leave it under the front door mat. The only thing I added was that the sofa stay covered to protect it from cats scratching and shedding if they do. Good luck with little kitty tonight.

Wed, Aug 8, 7:51 PM

Well. She has a fever and acting odd, but couldn't find any serious injury. Told to keep an eye on her. Shes not acting herself. I am still worried but must wait for time to go by.

Good Morning Anna. We got in late last night that's why I didn't respond sooner. How is little kitty this morning? About the lease. Let me know where I need to sign. Thought I got it all.

Just initials. Kitty is better. Bite wound on her neck I found after I left the vet. I will keep monitoring. Thank you!

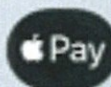

Happy to hear she is better 😊

Morning Mrs Lawrence. Hope Not to bother you, but I have noticed the refrigerator in this apt is not keeping my parishables cold enough - milk keeps spoiling, salads go bad within days, etc. It's just not cold as it should be. Would you set up a service man for it please? I can be here to meet with them hopefully late afternoon on day this coming week? Thank you. Anna Page

GM Anna. Sorry about this. When can Jim come by to take a look at the refrigerator.

Mrs Lawrence, not sure what he wants to look at. I am emptying the freezer to see if that weep hole is clogged. I pulled out the fridge and checked the fan. Its fine. It may be a need for Freon ????

He doesn't thinks so. He wants to come by. It may need to be replaced.

Ok. How about 10:45-11? I just got up after not sleeping well last night

How about around 12.

Ok. I have plans but it can wait. See him then. Thank you

Well, if they cannot, pls reschedule to Friday afternoon. My cats will be out of their mind with fear. And if they run out the door during the install, they will run across the road and be killed. A refrigerator is not worth my cat's lives. Thank you for understanding.

So what do you want me to do.

Can you leave the cats in the bedroom with the door closed.

I will leave the cats in the bedroom with door closed. Just don't let anyone open that door. Hate to do that to them. I'll put all food that's not spoiled in a cooler I have and will put away things when I get in if fridge is in place

Mrs Lawrence. The B doors are unlocked. I appreciate you and your hubby coming by last night and speaking with me. However, I must note I do not appreciate your noticeable anger towards me. I have done nothing wrong. I have been only honest, far from what your son James can attest. He has created the monster world you both have been sucked into. Yet I am not the cause, I did not create the "enemy" world he lives in, nor am I responsible for his actions. Have you read any of his blogs? The words and what the meaning behind them conveys are scary. He has lived his life with you taking up for him, never working or being respectful to you, and if my Father or Grandfather were either alive, they'd both give him a beating for his disrespect to you and society, his outright 'entitlement' attitude and snubbing of the law, rules we all live by in a civilized society. 11

 women are not wrong. Chelsea is not wrong to fear him and benefits not by stating the truth that he was in her apt. You have keys - he took them and used them. Simple. He needs a swift kick and needs to be held accountable for his actions, period. I am again writing, I want nothing to do with him and maybe now you both. I will clean the apt and leave the keys on the kitchen counter, text you the evening of the 30th that I am gone. I want nothing to do with whatever comes of him, for he's not going to stop harassing women and/or writing his rants. Just leave me be as I just want the peace I deserve while renting these last few weeks. I wish you both peace as well, for I guess you won't get it until you are both back in FL. Anna Page Campbell
